VISION • MISSION • PHILOSOPHY

VISION

To be a centre of excellence in nursing and health sciences education, recognized for academic quality, professional competence, ethical practice and compassionate care.

MISSION

To provide quality nursing and health sciences education through competent faculty, effective teaching, clinical learning and a supportive academic environment, enabling students to develop professional knowledge, skills, ethical values and commitment to quality patient care.

PHILOSOPHY

Care Mark International Institute of Health Sciences believes that nursing and health sciences education should develop competent, compassionate and responsible healthcare professionals. The Institute promotes academic excellence, ethical and professional conduct, respect for human dignity, critical thinking, teamwork, lifelong learning and safe, quality patient care.

MESSAGE FROM THE PRINCIPAL

Welcome to Care Mark International Institute of Health Sciences.

It is my great pleasure to welcome you to an institution dedicated to preparing competent, compassionate and ethical healthcare professionals who can make meaningful contributions to healthcare and society.

At CMI-IHS, health sciences education is viewed as a commitment to serving humanity with knowledge, integrity, skill, compassion and respect. We aim to combine sound academic foundations with practical learning and clinical exposure in a supportive environment.

Students are encouraged to develop professional competence, critical thinking, leadership qualities, ethical values and a lifelong commitment to learning. We look forward to building an academic community where excellence and patient-centred care remain central to our work.

Principal
